

Fall Home Maintenance *checklist*

Take time to prepare your home with this helpful checklist:

- Inspect the roof for any damages, repair and patch if necessary
- Check caulking and weather strips around doors
- Examine chimney. Clean flue and repair as needed
- Change the air filters
- Test smoke detectors and inspect (or install) a fire extinguisher
- Clean the gutters
- Seal cracks around windows and doors
- Have your furnace and heating system inspected
- Aerate and fertilize your lawn for a green healthy yard in the spring
- Trim shrubs and trees to prevent storm damage
- Plant some mums or other fall flowers
- Disconnect garden hoses
- Turn your gas fireplace pilot ON
- Store outdoor furniture
- Enjoy this season and all it brings!
